Every attempt is made to follow the program. However, at times, unforeseen circumstances may result in changes in experiences, excursions, and incursions.

Child-led experiences: Alongside the daily program, children and educators will collaborate on experiences and ideas that extend on the children's interests. This will include all spontaneous experiences as well as activities that the children request. Not all experiences will be based around the daily theme.

Children's choice to participate: Children are encouraged to participate in all experiences that occur at the program. However, YWCA Canberra supports children's agency in choosing experiences they want to be a part of.
